

Confirming ePCR Export to HealthEMS®

Log into <https://healthems.com> sign your username and password.

Select "Basic ePCR Search" under the "eChart" tab.

The screen to the left will appear. If all of the PCRs occurred during the same day select "search". If the shift covers two days adjust the "Service Date" range to cover the dates needed then select "Search". The PCRS that the signed in employee was attached as a crew member will appear.

The employee can also filter out calls from previous shifts in the same day by selecting the "vehicle unit" filter for the current unit the employee is assigned to.
